

5.1.3

**5.1.3 Following Capacity development and skills enhancement activities are organised for improving students capability 1. Soft skills, 2. Language and communication skills, 3. Life skills (Yoga, physical fitness, health and hygiene), 4. Awareness of trends in technology**

## Language & Communication Skills

Skills and knowledge are driving forces of economic growth and social development for any country. In parallel to maintaining an academic awareness of the field, adapting skills and attitudes is now inevitable to success, and will prove all the more critical in the years to come.

India is poised to stand out as one of the skilled nations in coming years and it's time for Higher Education & Skill Training to exist in same of curriculum. To enable this, it is very important for the Industry and Academia to work together to generate focussed hands-on candidates with right blend of learning and employability traits.

Life skills allow students to apply the knowledge they acquire to real world problems and situations. The ability to think abstractly and approach problems from multiple angles to find practical solutions, and the skill to communicate clearly and effectively are just as important as technical knowledge in a particular field or academic subject. Having life skills is an essential part of being able to meet the challenges of everyday life.

Life skills provide important tools for development, such as independent thinking, how to socialize and make new friends, and how to take action in situations. Building life skills is essentially an exercise in helping develop sound judgment and good habits for long-term stability, wellness, and success.

It is important for higher education institutions to supplement the curriculum to make students better prepared to meet industry demands as well as develop their own interests and aptitudes. These courses are conducted to help students stand apart from the rest in the job market by adding further value to their resume.

Communication Skill course is a fine way to fill the gaps in the knowledge and add competitive edge to the job prospects. As systems, programs and practices change, making it critical for job-seekers to have a range of competencies, these courses can help to be a winner.

❖ **Ability Enhancement Courses (AEC)** are very important part of the structure. The Ability Enhancement (AE) Courses are of two kinds (**Ref:** UGC Curriculum Framework):

- 1) Ability Enhancement Compulsory Courses (AECC) and
- 2) Skill Enhancement Courses (SEC)

**SEC** courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

### ❖ **Communication Skill**

**Communication skills** are needed to speak appropriately with a wide variety of people whilst maintaining good eye contact, demonstrate a varied vocabulary and tailor your language to your audience, listen effectively, present your ideas appropriately, write clearly and concisely, and work well in a group. Many of these are essential skills that most employers seek. Having strong communication skills aids in all aspects of life – from professional life to personal life and everything that falls in between. From a business standpoint, all transactions result from communication. Good communication skills are essential to allow others and yourself to understand information more accurately and quickly.

### ❖ **Objective of Communication Skill**

The purpose of the Communication Skill is to give the students firsthand experience of the content. Providing the finishing touches to the knowledge gained in the degree program. Teamwork, leadership, and communication are underpinned by these skills development. Since each is an essential element for organizational and personal success, developing these skills will benefit the students a lot.

### ❖ **Eligibility**

Courses are open for all UG Programs. The eligibility for Communication Skill is as following.

Communication Skill: < 60 % marks in English in Semester 1, 2 & 3

### ❖ **Selection and Registration**

An orientation program has been arranged for all Semester IV students. The presentation of coordinator helped the students to get highlights and insight of the course what they will learn. The list of all the students enrolled in CS or SS is sent to all HoDs to display on the departmental notice board.

**Communication Skill courses** are offered under **Skill Enhancement Courses (SEC) – II in Part III** in Curriculum of all **UG Programmes** in semesters **IV to V**.

### ❖ **Unique Features of Communication Skill**

- Activity Based Content
- Student centric course
- Builds the confidence
- Removes stage fear
- Increases the involvement of the students
- Enhances Leadership quality
- Supports the creativity
- Motivates the young minds to be active in the class

- Identifies the hidden abilities of the receivers

❖ **Teaching Learning methods:**

- Role Playing
- Story Telling
- Team building games
- Various Activities outside the classroom
- Quiz
- Puzzles
- Drama Enactment
- Presentations

❖ **Achievement of Communication Skill**

The course enabled the students to organize the entire event which set an example of the success of the course. The entire event was managed by students which made them more confident in themselves. This became possible because of the constant motivation and support rendered to them in the sessions. The talent, leadership, enthusiasm, zeal reached to its peak and the students demonstrated the completion successfully.

### **SCOPE Report [2017-18]**

- **Objectives:**

- To improve the English language proficiency of students in Gujarat
- To provide international certification to students who have achieved a certain level of proficiency in English
- To create opportunities for students who are proficient in English, such as employment, higher education, and international travel

- **How it is useful for students:**

- The SCOPE program can help students improve their English language skills, which can be beneficial for their academic, professional, and personal lives.
- The program also provides students with the opportunity to get an international certification, which can be a valuable asset when applying for jobs or universities.
- In addition, the program can help students develop confidence in their English speaking and writing skills.

- **Here are some of the specific benefits of the SCOPE program for students:**

- **Increased employment opportunities:** Studies have shown that there is a strong correlation between English language proficiency and employment opportunities. In India, for example, a study by the National Skill Development Corporation found that graduates with English language proficiency were more likely to be employed and earn higher salaries than those without English language proficiency.
- **Access to higher education:** Many universities in India and abroad require students to have a certain level of English language proficiency in order to be admitted. The SCOPE program can help students meet these requirements and gain admission to the university of their choice.
- **Increased opportunities for international travel:** The SCOPE program can help students develop the English language skills they need to travel and work abroad. This can be a great way to gain new experiences and learn about different cultures.
- **Improved communication skills:** The SCOPE program can help students improve their communication skills in English. This can be beneficial for their academic, professional, and personal lives.

**Shri Manibhai Virani and Smt. Navalben Virani Science College**  
An Autonomous college affiliated to Saurashtra University, Rajkot

NAAC - Cycle-3

Criterion- V

Metric - 5.1.3

Overall, the SCOPE program is a valuable resource for students who want to improve their English language skills and gain international certification. The program can help students open up new opportunities for their future.
