

Shree M. & N. Virani Science College - Rajkot

**A Report of Student's Workshop
on
"Universal Human Values"**

Date: 23-7-2018 to 25-7-2018

Organized by

Universal Human Values (UHV) Cell

For the Faculties of AGI

Facilitator

Shree Gopal Babu

The session on “**Universal Human values**” (Jeevan Vidya) is a proposal to make Universal Humanization of Education based on *Madhyastha Darshan Sah-Astitva Vaad*, philosophy by *A. Nagraj* and this FDP is nicely facilitated by *Mr. Gopal Babu*.

The following important points were discussed in FDP

- ✓ FDP is in the form of a proposal and universally biased.
- ✓ No Do's and Don'ts instructions were given in FDP.
- ✓ Education should address Universal Human Values and skills (Technology).
- ✓ For all human beings in life, there are only two basic questions that need to be answered i.e.
 - 1) Why to live? Related to **values**
 - 2) How to live? Related to **skills**
- ✓ The basic desire of all humans is to be **Happy** and prosperity and continuity.
- ✓ We cannot purchase any physical facility, we only pay for Human effort.

A total of 40 Faculties from AGI participated.

The highlight of FDP:

Report on
8-Days Jeevan Vidhya Shivr
(Residential)

Organized by
UHV Cell, Atmiya Group of Institutions

Facilitator
Shri Somdev Tyagi
(Abhyuday Sansthan, Hapud, U.P.)

Date
25-09-2019 to 02-10-2019

Venue
Dhyani Dhyan Ashram
Nikora, Bharuch

No. of Participants – 65

Universal Human Values (UHV) Cell has organized 8 Days Workshop on “Jeevan Vidhya” for the faculty members and their family members and the Leadership team. The workshop was facilitated by Shri Somdev Tyagi (Abhyuday Sansthan, Hapud, and U.P.)

This workshop was attended by nearly 65 participants. Somdev Tyagi gave an overall view of Madhyasth Darshan and Jeevan Vidhya. Somdev Tyagi explained various aspects of life. He explained that every human being has to have the same goal which is happiness. He also explained that every human being wants to live with continuous happiness. He also explained how we can achieve harmony at four levels.

Outcome:

Understand the real meaning of human being
Understand the ultimate goal of life
Understand happiness
Understand how to achieve continuous happiness
Understand the types of human relationships
Understand the types of feelings

Glimpses of the event:

Report on
3-Days Student Induction Program

Organized by
UHV Cell, Atmiya Group of Institutions

Facilitator
Vijaykumar C Dandwani
Assistant Professor
(Atmiya Group of Institutions)

Date
26-06-2018 to 28-06-2018

Venue
Shri M. & N. Virani Science College

No. of Participants – 240

Universal Human Values (UHV) Cell has organized 3 Days Workshop on “Life Skills” for the students of Virani Science College as a part of the Student Induction Program

This workshop was attended by nearly 240 Students. There were students from 4 different science streams: Biochemistry, Chemistry, Microbiology, and Mathematics

Topics of the workshop were as follows:

Two models to understand a human being

The first model is the Right Understanding, Relationship, and Physical Facility

The second model is Thought, Behavior, and Work

Outcome:

From the above two models of human being students were able to understand that physical facility is important but Relationship is also important in our life.

Feedback given by Students

Teacher :- Vijay Sir

Subject review of Life skill lecture

I personally adore life skill lecture. I can say it is very helpful as well as easily understanding understanding.

From Day - I

- ⇒ The pursuit of life is actually getting happiness in whatever way possible.
- ⇒ We all do achieve goals in life in different ways but the actual goal of life is to get happiness, satisfaction and love.

From Day - II

- ⇒ Three major parts of life :- Relationship
Physical facilities
understanding.
- ⇒ Came to know about what actually is necessary in life.
- ⇒ Relationship and understanding everything are major and first priority of our life.
- ⇒ We should never get more attracted towards physical facilities.
- ⇒ Understand relationship is one of the important thing in life.

From Day-3

- ⇒ what actually we should do before taking any decision is to think first and then work.
- ⇒ Should also have positive thoughts.
- ⇒ We think according to our nearer environment and atmosphere.
- ⇒ We should try to control it at every stage of life.

* I can say life skill lectures should be added to every day schedule as it is really important part for students at this stage.

Thank You

Zalak Maxsonia B.Sc. Biochem.

My review on our life skills lecture
by Vijaysir.

On day-1, we understood that there is no reason to be happy. Happiness can come in any way. It's better to do things or work by being happy. We can achieve anything or everything by being happy and working hard on it. Satisfaction leads to extreme happiness. There is no happiness without satisfaction.

On day-2, we understood or learnt that understanding is one of the most important things in your life. With understanding you can do your best with your life, with understanding you can balance your relationship and get your feelings for families.

On day-3, we understood or learnt that sometimes we think under

or work could be done in better way with proper thinking & understanding.

I personally believe there should be this type of lectures with our studies which can turn us to a better person.

Name: Kamal Nakvansinh Raj
Batch: Biochemistry (B.Y)
Date: 28/6/18

According to me this lectures which we attend these days were the best lectures. We had learned so many things which can become useful in life. I agree with sir about each and everything explained in class. Besides study, improvement in life and the way of living life is also necessary.

I have enjoyed the lecture plus gained so many things. Even got the chance to know the views of different students, what they think about a particular thing. All thanks to vijay sir. And we will be happy and think myself lucky to be a part of this seminar. And even I would like to attend more seminars. Because it helps us to make proper and sure decision in our life.

Thanking you.

Summary Report on
Conducted a National Faculty Development
Workshop on
Universal Human Values & Professional Ethics

Sponsored by
TEQIP III & Rajasthan Technical University

Organized by
Rajasthan Technical University, Kota
Bikaner Technical University, Bikaner

Organizer
Alwar Institute of Engineering & Technology (Rajasthan)
Date – 28th May 2019 to 4th June 2019

Local Coordinator:
Prof. Pratap Singh Patwal

Resource Person
Prof. Gopal Babu (Abdul Kalam Technical University-UP)
&
Prof. Ankit K. Kalariya (Atmiya Group of Institutions-Rajkot)

No. of Faculty Participants – 70

We got an invitation to conduct a **7-day Faculty Development Program sponsored by TEQIP III & Rajasthan Technical University based** on Universal Human Values and Professional Ethics from the Alwar Institute of Engineering & Technology (Rajasthan). In FDP more than 70 participants had participated enthusiastically across India's leading engineering institutions like Alwar Institute of Engineering & Tech, Bikaner Technical University, and many more with designated guests. Dr. V.K. Agrawal chancellor of the host institute inaugurated the FDP and welcomed us. The whole event observer was Prof. Sudhir Sir from Bikaner Technical University who also took care of other records also. Prof. Pratap Sing Patwal has taken responsibility for the accommodation facility of guests and participants.

Thus FDP jointly conducted by Mr. Goopal Babu and Mr. Ankit K. Kalariya very well. The response of all the participant was very joyful and they asked many crucial questions related to their personal life, Relationship, Current societal problems, Nature, and Existence. In FDP it is also discussed how to face this all problem by education. This event is also noticed by different state newspapers and also appreciated the event on education. Overall the FDP was a big success for us and for the participants also.

We are very fortunate to have the chance to showcase ourselves outside our campus and thankful to the management of Atmiya University for believing in us.

Outcome:

- ✓ This Creates confidence to take a long FDP on Universal Human Values & Professional Ethics.
- ✓ More Clarity on what should be complete Education Content.
- ✓ This workshop motivates faculty to attend other UHV workshops for further understanding.
- ✓ Able to live a harmonious life.
- ✓ How to Increase Family Happiness Index
