In this Adhyayan Satra our facilitator Shri Somdev Tyagi ji gave us the brief view about Manav Vyavhar Darshan written by Shri A. Nagraj ji. Around 15 members from our college went there and got a holistic view regarding the book.

Outcome: all adhyanarthi got more clarity about Darshan. They are aware about some topics like Shrushti

Darshan, Atom, and how evolution occurs.

2. Interaction with Teachers of Atmiya Shishu Vidya Mandir School

Date: 28/07/2017

We, five faculty members of AITS, Jigar Ratnottar, Vijay Dandwani, Ankit Kalariya, Paras Kalariya and Rakesh Oza conducted one orientation program for Atmiya Shishu Vidya Mandir faculties. We started interacting with one video of Shri Manish Shishodiya Ji regarding the role of education for society and nature. Then gradually our discussion was started.

Then we interacted with school teachers regarding the same topic. Many school teachers shared their opinion and we also suggested some ideas which are useful when taking the lecture in the classroom.

Outcome: After completing the two sessions one with the English medium school teachers and second with the Gujarati medium school teachers, some of the faculties are ready to go through the Value Education content deeply. So we planned to meet regularly.

**3. Expert Talk by Prof. Alpesh Joshi on “Parenting” with the concept of Jeevan Vidya
Date: 02/08/2017**

One presentation made by Prof Alpesh Joshi on Parenting based on the Madhyastha Darshan Concept. Main objective of this session was the role of Family and how parents and children contribute as a Family in a larger order called Society.

Also we welcome the fruitful suggestion from the facilitators of the JV team, so we can make it more accurate.

Outcome: some faculties ready to be a part of Parents meeting which we arranged at the regular time of interval.

4. Four days Universal Human Value workshop arranged for engineering college students as part of Bridge Course

Date: 4/8/2017 to 5/8/2017 and 8/8/2017 to 9/8/2017

12 facilitators from Jeevan Vidya team conducted the session with engineering students from the IT Branch and Computer Branch.

The topics were covered in this workshop: Harmony with individuals, Harmony with Family, Harmony with Nature, Self exploration, Goal of Human Life, Difference between Happiness and Excitement.

Outcome: We got good feedback from students who share that this content should be a part of their regular curriculum. And it must be delivered from the standard 1 and onwards.

5. 3rd Adhyan Shivir at Abhyuday Sansthan, Hapud, U.P.

We 9 faculty members from AGI attended the 5th Adhyan shivir at Abhyuday Sansthan, Hapud. Yogesh Shastri ji from Achhoti, Chhatisgarh, took the session of 'Abhyas Darshan'.

Yogesh ji explained different types of Abhyas in this satra like Chintan Abhyas, Vyavhar Abhyas and karma Abhyas. He also explained what the purpose of Darshan, Vad and Shastra is and what the content of all the books is in summary form. Swalamban hapud sansthan has implemented a tiny oil mill for the production of different types of oils.

Outcome: we got more clarity about human-human relations which called vyavhar abhyas, also got the clarity of human-rest of nature relations called karmabhyas.

10. Family Goshthi arranged at Royal Enclave, Rajkot

Date: 4/2/2018

Some families who are going under adhyan shibir at Atmiya campus decided to meet for one day outside campus and share their feelings with each other.

The place for the meet was decided as a Royal enclave which was suggested and arranged by the blessing of Shri TyagVallabh Swami ji.

On 4th February, 2018 all faculty members with their family reached campus at 10:00 o'clock in the morning. From campus we started our journey towards Royal enclave. We reached there at 10:30

First session was arranged at a shiv temple in the royal enclave. All faculty members and their family members gave their introduction and shared their feelings regarding changes in their life due to

Parichay Shivir and Adhyan Shivir of Jeevan Vidya. Principal Shri Acharya Sir and his wife also share their thoughts regarding how we can inculcate values in ourselves and in students. Second

session was for lunch. So we all took lunch which was also arranged with the blessing of Swamiji. Third session was for discussion of faculty members with Shri Rakesh Oza. In this session faculty members discussed some real life problems and some questions regarding Jeevan Vidya and Shri Rakesh Oza provided the

solutions to all the questions and confusions of faculty members. Fourth session was for fun and enjoyment. We played various games with children and enjoyed a lot.

Outcome: All family members are ready to continue this Goshthi with regular intervals of time. And also they show their interest for Adhyayan.

11. First Adhyayan Shivir at Atmiya Group of Institutions, Rajkot

Date: 19/02/2018 to 24/02/2018

After completing parichay shivir of Som bhai our institute decided to start Adhyayan Satra for those faculties who want to explore the content in depth. So we planned 7 days of Adhyayan Satra every 2 months. The first satra was taken by Shri Som bhai with Manav Vyavhar Darshan.

Outcome: in regular academics interested faculties can join and easily connect with the concept.

12. 6th Adhyayan Shivir at Abhyuday Sansthan, Hapud.

Date: 03/03/2018 to 12/03/2018

We 7 faculty members from AGI joined 6th Adhyayan satra at Abhyuday Sansthan, Hapud, U.P. Shri Sadhan Bhattacharya from Amartkantak took a session of 'Anubhav Darshan'.

Shri Sadhan bhaiya has spent nearly 20 years of his life with A. Nagraj ji. So he shared many incidents of his life with babaji. We all participants feel proud to be a part of this Adhyayan Satra. Sadhan Bhai has his own memorable journey and he explained all the topics of Madhyasth Darshan very deeply. He explained that Anubhav Darshan is an extract of Manav Vyavhar Darshan, Manav Karma Darshan and Manav Abhyas Darshan.

Outcome: around 12 faculty members completed this full one year Adhyayan Satra at Abhyudaya Sansthan, Hapud. Now they are more capable to help others to understand these proposals and they can easily facilitate the other interested faculties.

13. Social Extension Program at Vagudad Primary School

Date: 09/03/2018

every year Shri M.&N. Virani Science College, Rajkot organized a one week social awareness program under NSS Scheme. Vijay Dandwani and Vishal Chhaya conducted one session with school kids of Vagudad Village.

It was a great experience of sharing values with students of 5th, 6th and 7th standard.

We are thankful to Principal Shri K.D.Ladva Sir and Pravina Madam for giving us such an opportunity and we are also thankful to Shri Rahul Sir for his support in taking the lecture.

Outcome: we got good exposure to interact with school kids. And we found that the concept is easily discussed with students of primary education too.

14. Social Extension Program at Pipariya Village Primary School

Date: 04/04/2018

Under the NSS activities we went to Pipariya Primary School and conducted one healthy session with school kids. Facilitators were Jigar Ratnottar and Vijay Dandwani. There was a two days camp arranged by NSS Team.

Nearly 30 volunteer students and 5 faculty members were there to do different activities with students of primary school. Standard 1 to 8 students were there.

Jigar Ratnottar took an introductory lecture regarding Value and my contribution to family and nature. He explained students regarding gratitude towards parents, teachers and other human beings who are participating in their life. He also explained the role of nature in our life.

Outcome: we got a chance to interact with primary students and through this kind of activities we can also directly

interact with society. So this is a good platform for us to penetrate this proposal to society.

4. Exposure of Natural Farming and “AgroForestry” at Daliya Village, Rajkot

Date: 02/10/2018

We 15 faculty members from Atmiya University visited Yogitaben’s farm on 2nd October for the understanding of Agroforestry.

Yogitaben accompanied with us. She took us to her farm for the understanding of various practical approaches for doing farming without pesticides and chemicals.

First of all she explains to us that she is using Cow urine and other natural material for farming and trying to do total farming in an organic way. Then she took us to the 3 different parts of her farm. In the first farm she showed us various trees she had grown. We took some ripe lemon. She also showed trees of different other fruits. She showed us the grass of various types she is growing in his farm for cows.

Then we went to the second farm where we plucked the bitter gourd. Then she explained that she is having a total of 4 wells and all are internally connected. Then we reached the last farm where she has done the experiment of agroforestry.

Main motto of AgroForestry is to use Natural Fencing also called “Green Wall” for thick trees instead of using metal fencing to guard the farm. She explained that after doing this experiment she is able to grow more groundnut compare to previous year.

The temperature was also reduced to 3 degree

centigrade compared to outer temperature. Soil also became very humid and less requirement of water due to agro forestry.

Outcome: This exposure gave us understanding regarding Natural Farming and the right way for farming. Also the concept clarity about AgroForestry is the super technique for all farmers through which they can establish the Harmony with Nature and also they ensure their Prosperity.

5. “Prakrut” A Sustainable Lifestyle

Date: 03/10/2018

This activity was organized under VECD Cell for giving an idea of how we can live a Sustainable Lifestyle by using handmade Soap, by growing our own vegetables using our terrace and by using Natural Medicines for our good health. This also covered the concept of Decentralized Power System. So gradually we overcome our dependence upon the market.

In the morning at 9:30, inauguration was done by our guest shri Jayesh Deshkarji, Principal of VVP engineering college, Rajkot along with our Principals Shri G D Acharya Sir, Shri H M Tank Sir and Shri D M Mandavia Sir

First, all the members visited the stall of the Decentralized Power System. There Shri Rakesh Oza explained regarding decentralized power system using Solar Panel. He explained that we can use this type of system at our home and also at distance places where there is no light available or light backup is required. We can run fans, lights of our home using this system. All the instruments will work on D.C. By using this system we can also reduce the carbon footprint.

The second stall was for natural medicines which are not having any side effects and give very good results and they were also very cheap in price and very effective. They were made from natural ingredients which are normally available in our kitchen.

The next stall was for natural soap made up of natural ingredients and did not harm our skin. Different varieties of soap were available made from different natural materials.

Next stall was for agroforestry where Yogitaben explained how she has done some experiments of agro forestry and how she got good results from that.

After that the next stall was for terrace gardening. Ankit Kalariya explained that he has grown many vegetables at his terrace. He also explained that anyone can grow vegetables to fully fill their daily requirements. Every vegetable requires nearly 30 to 35 days to grow. By growing our own vegetables we can get organic and natural food and we are not dependent on the market.

Also there was a stall of art and craft made by Parth Lakum. He is having very good art to make best out of waste. He collects many waste things like CDs, jeans pants and many others and makes the best out of those things.

And the last stall was from BT department students. They have also made many handicraft items which we can make at our home and use them.

Outcome: Overall idea was to live a sustainable life in which we are Self Dependent and gradually overcome our dependency from the market.

6. Conducted Jeevan Vidya Parichay Shivir at Nutan Gram Vidhyapith, Thava Village

Date: 08/10/2018 to 10/10/2018

More than 200 schools and colleges from all over the Gujarat came and allocated respected stalls to them to represent their school/college. We, Atmiya University also participated in this mega event. We made a 5 charts which shown all the activities carried out by our university under Jeevan Vidya. Visitors appreciate our activities and also we sold our hand made products like Soap. People also acknowledged our efforts for sustainable lifestyle. Jigar Ratnottar represented our University in central auditorium.

12. 6th Jeevan Vidya Adhyan Shivir Anubhav Dashan and Abhyas Darshan

Date: 07/01/2019 to 12/01/2019

Shri Surendra Pathak took the session of Anubhav Darshan and also covered some topics from Vyavhar Darshan. He had almost 20 years of experience of Madhyastha Darshan. So explained all the things so nicely. He made Jeevan Vidya charts so he explained the charts to JV team members. Mrs Sunita Pathak has also a good command on sah-astitva vad so she explained briefly about family and the values associated with Human-Human Relationship.

13. Meeting regarding implementation of Value Education course at various levels of university

Date: 17/02/2019 to 18/02/2019

A meeting was held in presence of Dr. Sheela Ramchandran (Pro-Chancellor) and Dr. Santhanakrishnan (Provost) to explore the framework for implementing value based education. Dr. Surendra Pathak and Shri Ummed Nahta were invited in the meeting to put forward the proposal to develop the university based on Universal Human Values and co-existential Philosophy.

Minutes of meeting

Venue: Board room

Date: 19/02/2019

A meeting was held in presence of Dr. Sheela Ramchandran (Pro-Chancellor) and Dr. Santhanakrishnan (Provost) to explore the framework for implementing value based education. Our guest from Ohio State University, USA, Dr. Muthusamy was also invited to the meeting.

Based on the meeting held yesterday (18/02/2019), in the initial phase of the meeting Dr. Surendra Pathak and Shri Ummed Nahta put forward their proposal to develop the University based on Universal Human Values and co-existential Philosophy.

Sharing from Dr. Surendra Pathak

Dr. Pathak presented the following possibilities in the area of 1. Academics & Research
2. Extension 3. Administration

Academics & Research	Extension	Administration
1) Syllabus and curriculum development 2) Research 3) Teaching & learning 4) Orientation and refresher program 5) Workshops and conference 6) Faculty development 7) Academic Staff Colleges 8) Role of IQAC/TQM follow the ethical norms	1) society 2) Staff 3) Students 4) Parents 5) Environment 6) Schools & colleges 7) Solving the problems for society	1) Behavioral training 2) Training for the vision development 3) Academic freedom

Following proposal was given.

- Establish a department and conduct M.A in CVMS (Chetana Vikas Mulya Shiksha)
- Establish the research chairs with other universities
- Appoint a director
- Conduct and schedule workshops/yearly programs, training(plan in academic calendar),orientation/refresher one in a year
- Plan one or two conferences on UHV/Peace/Co-existence/Harmony etc
- Adhyayan should be continued
- Start foundation course and train the teachers for teaching fundamental course
- Teacher should be the mentor of students Research:
- For PhD and postdoctoral orientation should change. It should not be for the market and industry. Conflict-centric research should be avoided
- Collaborative research with other universities, Interdepartmental
- Research for faculty with fellowship IQAC/HV Dept in content development and curriculum development
- International projects on peace, harmony, co-existence etc.

Sharing from Dr. Sheela Ramchandran:

Dr. Sheela Ramchandran (Pro-Chancellor) shared the enabling structure for Atmiya University. She expressed that the university is planned to have an enabling structure for sustainability. Various centers are planned and the function of each centre was explained clearly. Centre for life skills covers the UHV cell. The Centre for Research Innovation and Translation covers the research aspects. She also indicated that academics & research is being attempted towards transformation in Affective, Psychomotor & Cognitive Behaviors. It was suggested that faculty members be trained every month in this integral for one year, before a modified curriculum & syllabus is rolled out in 2020-2021.

Presentation from Dr. Surendra Pathak:

Another phase of the meeting was proposed in the afternoon. In this phase Dr. Pathak gave a presentation on education under the light of Madhyastha Darshan. He explained the base that is Astitva Mulak Manav Kendrit Chintan and the education philosophy.

The pro-Chancellor, Dr. Sheela Ramchandran, also expressed that the university has started working in the direction of integrating UHV into its delivery of academics & research. Towards this end, the faculty of science has started working on OBE for PG programs incorporating the principles of UHV based on its success; it will be adopted for other programs.

Accordingly, a sample presentation for M.Sc. (Biotechnology) was made by Mr. Ravi Ranjan.

14. Participate and Represent Atmiya University in 8th International Conference on Human Values at IIT BHU, Varanasi

Date: 01/03/2019 to 03/03/2019

Every year an international conference under the banner of Human Values organized by any one partner. 8th ICHVHE organized by IIT BHU, Varanasi. Jigar Ratnottar represented Atmiya University in this international conference. Around 20 VCs, Directors, Dean, Policy Makers, Trustees participated in 8th ICHVHE. Main theme of this conference was to understand educationalists.

Outcome: chance to share our activities with VCs and other policy makers.

15. Extension activity under NSS scheme at Mahika Village Primary School

Date: 18/03/2019

Five faculty members visited Mahika Prathmik shala for NSS camp arranged by Shri M. & N. Virani Science College (Autonomous). Following faculty members have taken the introductory lecture of Jeevan Vidya.

1. Jigar Ratnottar
2. Vijay Dandwani
3. Ankit Kalariya
4. Chetna Gohil
5. Khyati Joshi

Every day in school starts with prayer of students. We attended the prayer with school teachers. Then we divided the students in two groups: 1st group of standard 1 to 4 and 2nd group of standard 5 to 8.

Chetna Gohil and Khyati Joshi took lecture in 1st group while Jigar Ratnottar and Ankit Kalariya took lecture in 2nd group. There was very good interaction with students. We played some knowledge games and told them stories which were related to this content.

16. A visit to Micro-sign Company at Bhavnagar and Lokbharti, Sanosara

Date: 25/03/2019

We arranged one visit to one special company called micro-sign at Bhavnagar. There were 60% handicapped working staff in this company. The main motto to promote these working staff was to give them respectful life in society. Owner Nishith Mehta has a wonderful vision for his company and all working staff enjoyed working in this company.

Then after we visited Lokbharti Sanosara near Bhavnagar. Principal, Arun Dave sir shared the vision and working style of Sanosara Lokbharti Vidyalay with us. Lokbharti researches wheat and they produce around 2200 types of wheat. All the students who studied in Lokbharti did their work by themselves. This is a wonderful concept.

Outcome: all the students got clarity about how we can justify our skills and how we can contribute in bigger order.

**Report of 8 Days Jeevan Vidya Adhyayanbindu
and Vikalp Shivir**

Date: 17/11/2019 to 24/11/2019

Facilitator

Shri. Somdev Tyagi,

Abhyuday Sansthan, Hapud, U.P.

Number of Beneficiaries: 80

Venue: Haridham Sokhda, Vadodara

The Jeevan Vidya Shivir “Adhyayan Bindu and Vikalp” is the proposal of Madhyastha Darshan propounded by Shree A. Nagraj Ji, Amarkantak. The Shivir was held at Haridham Sokhda, Vadodara. Participants were HoDs, Principal, Senior staff members, etc. In this Shivir 80 people participated.

The following important points were discussed during the Shivir

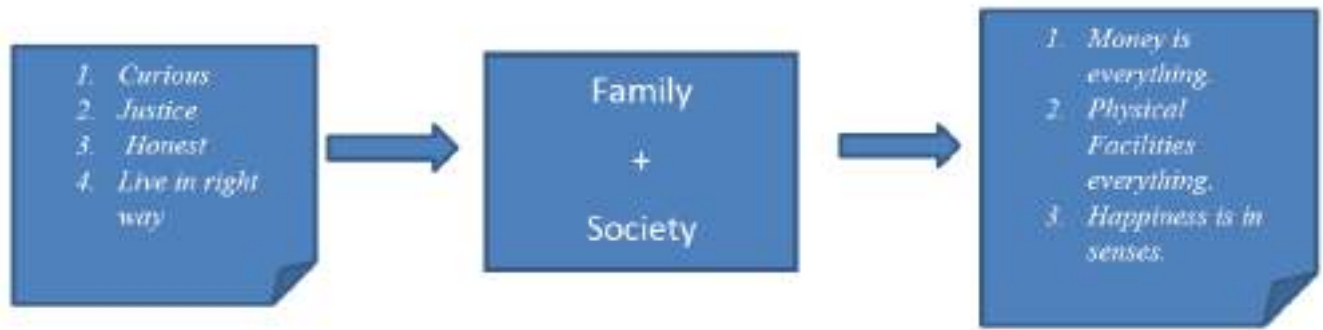

Overall content of the Shivir is divided into 4 stages:

1. Harmony in the self
2. Harmony in the family
3. Harmony in the society
4. Harmony in the nature

Detailed discussion on the activities of self as shown in following chart.

Potential [बल]	Activity in State (pratyavartan) [स्थिति क्रिया]	Activity in Expression (paravartan) [गति क्रिया]	Force [शक्ति]
Atma (Soul)	Realization (anubhav)	Evidentiality (pramaanikta)	Evidence (pramaan)
Buddhi (Intellect)	Comprehension (bodh)	Determination (sankalp)	Truthfulness (ritambhara)
Chitta (Imager)	Contemplation (chintan)	Imaging (chitran)	Desire (ichha)
Vritti (Disposition)	Weighing (tulan)	Analyzing (vishleshan)	Thought (vichar)
Mun (Mind)	Tasting (aaswadan)	Selecting (chayan)	Expectation (asha)

सूत्र: समझ है तो गलती नहीं, गलती है तो समझ नहीं

Right now, over all focus is on how to survive rather than how to live life with feelings and maintain good relationships. We are living with animal conscious but want results of human conscious. We want happiness using senses, materialistic things and leads to ego and destroy relation around us.
