Harmonious Human Living

Human living can be seen as encompassing the 4 levels viz., Myself, Family, Society and Nature / Existence.

On self-investigation one wants to be in Harmony at all 4 levels of living :

Harmony in Myself resulting in HAPPINESS and a feeling of PROSPERITY.

Harmony in Family resulting in MUTUAL FULFILMENT in RELATIONSHIP and PROSPERITY in the FAMILY.

Harmony in Society resulting in a TRUSTFUL, UNDIVIDED and UNIVERSAL Society.

Harmony in Nature/Existence resulting in UNDERSTANDING the inherent CO-EXISTENCE.

Message

"GURU" is a teacher who steers **"SHISHYA'S"** life; He is a spiritual mentor who leads the Shishya (learner) from darkness and ignorance to wisdom, bliss and enlightenment. Guru-Shishya parampara has been an inevitable component of education since ages. It has amalgamated the convention of a living and learning correlation, involving Guru and Shishya, and has been signifying the emotional, intellectual and spiritual bond between them. We strongly believe in **GURU SHISHYA PARAMPARA** since it has nurtured a dream of molding the future citizens of our motherland by equipping them with the latest and the best knowledge in the ambience of a GURUKUL. This is the sole endeavor of setting up **YOGIDHAM GURUKUL** which is analogous to **"ASHRAM"**. Here immense care is taken to ensure the emotional, intellectual and spiritual development of students in tune with revered GURU and SAINT.

'Journey of thousand miles begins with a firm step'. This proverb should be expanded by adding three words, '**in right direction**'! Under the auspices of **H.D.H. Hariprasad Swamiji Maharaj** - Imbibing the essence of Atmiyata – a feeling of relationship and responsibility for humanity and nature at large is the essence in the motto – "**सुहृदं सर्वभूतानाम्**" of the newly formed **Atmiya University**. As it is this very understanding of relatedness with everyone and everything that surrounds you, makes you a **"Responsible"** human being and **"Ethical"** in your way of living.

Education is a medium and channel through which we can inculcate through creating the ecosystem in the form of **"Sanskar"** and facilitating the understanding about the **clarity of purpose of life, the aspirations of human being, values for sustained relationships with mutual happiness as a goal, skills to produce basic needs for humans leading to prosperity and mutual enrichment with nature – eventually living in harmony and working with ethics with both humans and nature at large**. That makes it 'Universal' in true sense!

It will definitely be instrumental in blossoming enlighten souls and visionary leaders for creation of harmonious humane society !

Value Education for Consciousness Development

Education is meant to enable understanding of the needs of the individual, family, society and nature and its interconnectedness. It is meant to instil the capability to fulfil all these needs. This leads to mental well being (Realization and understanding), harmony in relationships (with humane conduct) and material fulfilment (with physical work and sustainability) in each one of us. This can bring the qualitative transformation in a human being as per the vision of Atmiya University and can effectively help us evolve the human consciousness.

The role of education is thus to provide such a content, process and environment that can shape such an individual. Hence the title – Value education for consciousness development (VECD).
